Introduction

About us

We, Bigdbiz was established in September 2014 at Madurai, India. We launched our development office at Madurai and branch office at Chennai. We also have our overseas associate office at Singapore.

We have a team 25+ professionals across leading Software Technologies. We have Completed 150+ projects successfully.

Bigdbiz helps customers to do business better by leveraging our industry-wide domain expertise, technology expertise and expertise to develop leading edge software solution. Bigdbiz provides innovative approach and work with our clients to develop the solution towards delivering business value and its commitment to sustainability.

Our Growth

We started serving multi-domains like Bakery, Restaurant, Hotel, Textile, Healthcare and gained knowledge about them.

We also worked with them to find the hurdles faced in daily walks. We started developing innovative software solutions to rectify the chaos faced in a professional way. The software we developed was not only easy to use but also highly powerful medium in technology.

We used Bootstrap technology with .Net for higher-end visibility. The powerful reports generated helped our clients to take better business decisions. The portability of our software we provided was the better alternative for old existing taboo.

Our clients love us for our dedicated service and we understand their problems better than others do. For us clients are KINGS.

Our Service

Our Vision & Mission
